## Cost-Share Program

### 2024 Application

The Manitoba Organic Alliance (MOA), with funding from The Conservation Trust, is offering a producer-shared funding program that will allow you to undertake on-farm projects in the 2024 growing season to improve soil health and/or biodiversity.

Ten to fifteen farmers will be selected for the cost-share program for the 2024 growing season. This program will subsidize costs of implementing practices which benefit soil health and biodiversity on farms.

MOA is offering a cost-share ratio of 50:50 for approved projects with a funding cap of \$7,000 per farm per year.

#### **Eligible costs include:**

- Fencing and watering systems for livestock integration
- Trees, shrubs, and perennial plants for shelterbelts, eco-buffers, pollinator strips, or beetle banks
- Perennial seed for grazing or seed production
- Rent or purchase of pollinator services/equipment for alfalfa seed production
- Cover crop seed
- Labour

Applicants must read the Program Guidebook before submitting an application as more information on eligible costs/projects and the Terms and Conditions of the programs are outlined in this document.

If you have any questions about the cost-share program or would like assistance with filling out the application please email: [info@manitobaorganicalliance.com](mailto:info@manitobaorganicalliance.com).

Fields marked with an asterisk (\*) are mandatory.
